

## Enhance your Gelato Cones matched with a paper cone, customized with your brand.

*Hygiene and marketing in a single product  
to sign the goodness of your ice cream.*

Most of our Vanillino, sugar and waffle cones, and Dolcecono wafer cones, can be supplied already paired with a paper cone (sleeve), **Salvacono**, printed with the customer logo.

There are four different sizes of Salvacono, which, to simplify, we will refer to as:

The type of Salvacono will be selected based on the cone formats to be paired.

**Each type of Salvacono**  **fits also to a multiple different sizes of cones.**

For more details, please refer to the **pairing table** belowe.

**Who produces the Salvacono?:** the Salvacono with custom graphics and/or customer logos will be produced by specialized companies, our suppliers, using **food-grade paper and inks approved for food contact**.

**Printing minimums (MOQ):** the production of customized Salvacono requires minimum print quantities, **starting from 30.000 pcs** per type. Production time may take up to 30 working days.

**Graphic Design:** The customer sends us a graphic file in **PDF, EPS, AI, or JPG format - res. ≥ 300 DPI**, for the creation of a draft. We will create the best graphic proposal, applied to the selected Cone Saver and submit it for the approval. Once approved, we will proceed with the final order for the purchase of Salvacono.

Unless special requests by the customer, **no additional cost is required for graphic processing**.

**Supply Payment:** Upon Order Confirmation for the purchase, the Customer will be required to pay a deposit equal to 50% of the total Salvacono supply. Once the goods are received from our supplier, the final invoice for the full ordered quantity will be issued and full balance of the invoice will be requested, for the entire quantity ordered.

### After our supplier has delivered the paper sleeves, in our warehouse, you have 3 options:

- **Option 1** You want the entire batch of ordered Salvacono is delivered to you in a single shipping, so as we have received them.  
> No any pairing service will be done. For spedition to your address could be applied some spedition costs.
- **Option 2** You want to receive your Salvacono, paired with cones, in a single delivery.  
> Cones will be supplied, already paired with sleeves, with the choosen cones.  
**No additional cost will be required for this service**
- **Option 3** You want to receive cones paired with your Salvacono in several batches.  
> It's possible schedule deliveries in several batches, for quantity not less those who are mentioned in the table below. Please check the attached table for more details.

**IMPORTANT!** The supplies of cones matched with a customized Salvacono requires at least 20 working days for delivery. To avoid this long waits it is recommended to communicate us, well in advance, a scheduled deliveries plan.
